Fire began in the brooder house and spread to the chicken coop and had reached the garage when the alarm was sent in. Slightly Raymond, Mrs. Clemmons grandson, was awakened by a strange noise and went down and wakened his uncle Ray.

The strange noise was the cracking of wood caused by the fire and by this time fire had reached the garage. The three buildings and contents were a total loss. There were around 400 chickens in the brooder house and in the garage were tools together with power tools which leaves a heavy loss. A small insurance was carried on the garage but not contents. The door of the chicken house was open and the chickens therein were able to flee to safety.

The Milo Fire Department was on hand but due to no quick available water the equipment never left the truck.

"NEVER BOTHERED ME—" Despite all the warnings, there are drivers who decide to take a chance and start the car in a closed garage. On a chilly winter morning, it is a temptation to get the engine running before letting in the outdoor cold. Some of these drivers pay the penalty for their daring — carbon monoxide makes no compromise. It can seep into the car and kill with no warning, being odorless, invisible and tasteless. It is a high price to pay for dodging a few minutes chill.

She carried a bouquet of Sweetheart roses.

The bride's table was centered with a three-tiered wedding cake, flanked by tall white tapers. Bouquets of spring flowers were also used to decorate. ### Local Unit Participates

## Civ. Def. Communications Exercise Successful

The Vulcan Civil Defence Unit participated in Exercise Co-operation Two on Saturday, May 3. The headquarters at Vulcan had for communications an amateur radio link to Calgary handled by Mr. and Mrs. Doug Wilson of Kirkcaldy and Walter Middleton of Carmangay. A local Civil Defence radio link with three mobile units located in the Arrowwood-Majorville-Milo District, Lomond District and Champion-Carmangay District worked out well. Three telephone lines were also in use during the exercise.

The exercise afforded an opportunity for the various districts within the unit to study some of the problems that might be encountered should a reception program have to be implemented. Groups at Arrowwood, Milo, Lomond, Champion, Carmangay and Vulcan made these problems the subject of their communications to the Vulcan Unit Headquarters from 9:00 a.m. till approximately 10:00 p.m.

Scouts from Milo, Lomond, Champion, Carmangay and Vulcan acted as runners and messengers in the headquarters and did an excellent job. The headquarters was manned by 26 interested citizens and an additional 25 persons at the various other points throughout the County area.

The exercise, in so far as the Vulcan Unit is concerned, was under the direction of W. A. Shields, Civil Defence Director for the Unit and the control room was under the direction of Douglas Wilson. Over 200 messages were handled by the Control Room Staff, logged and plotted in the proper manner.

The communications used proved adequate and many lessons were learned by all participating. It is felt that when the next exercise comes along this area will be in a very favorable position. Various members of the municipal councils comprising the unit visited the headquarters and were favorably impressed with the work being done.

ceremonies and called upon Rev. Sharpe to address the young couple. Mr. Sharpe spoke briefly, pointing out problems and cares of married life and the need for understanding and patience. He cautioned them to always keep church in their life.

For going away the bride changed to a green wool, flecked suit, with which she wore white accessories. After a honeymoon spent at Great Falls, Mont., Mr. and Mrs. Dann will take up residence on the Crabb farm near Milo.

Guests from a distance came from Calgary, Turner Valley, Midnapore, Lethbridge, Armada, Milo and Champion.

## Official Visit W.I. Constit. Convener

Paying her official visit to the Kirkcaldy Women's Institute on Thursday afternoon last week, Mrs. Harry McMaster of Nanton, Little Bow constituency convener, reported the events of the March conference, held in Lethbridge. Ideas for money raising, for rousing new interest in WI work, helping with girl clubs, keeping the standing committee chairmen on their toes, encouraging members to take office and helping them when they did, made up the bulk of her report.

She described the way in which Mrs. T. H. Howes, the Alberta WI president, had pointed up her account of her trip to the conference of the Associated Countrywomen of the World in Ceylon last year, with a collection of souvenir spoons, each one representing a section of the trip or conference.

Mrs. Carl Alexander, director of District 4, had reported the first national conference of WI delegates from across Canada which was held last December. Of special benefit was the workshop session in which members discussed with a panel of experts how they could build better branches and each the values of WI work.

To keep standing committees on the job, Mrs. McMaster suggested that each chairman be asked to read a short piece clipped from periodicals or papers on her subject at each meeting.

## McDougall-Warden Wedding, Calgary

A wedding of wide interest was solemnized on Thursday, April 3, in Calgary when Eva Anne, daughter of Mrs. G. L. Warden of 207 8th Ave. N.W., Calgary and the late Mr. Warden, was united in marriage with Leonard Douglas, son of Mr. and Mrs. D. J. McDougall of 1312 3rd St. N.E., Calgary and the grandson of the late John McDougall, missionary at Morley.

The setting for the wedding was the beautiful social room of the Jubilee Auditorium, where two hundred and fifty guests, ushered in by Ralph Warden, Cecil Warden, Kenneth Clark and Stan Black, were seated at tables radiating from the bride's table paralleling the stage.

The wedding group faced the flower-decked stage, and the Rev. J. E. Harris of Crescent Heights Baptist Church, assisted by Dr. A. Gordon of First Baptist Church officiated at the double-ring ceremony.

The bride was gown in traditional white satin overlaid with nylon net and she held a bouquet of red roses. She was given in marriage by her eldest brother, Leslie Warden.

Miss Hughena Warden, the bridesmaid was attired in a waltz-length dress of pink taffeta and carried Kokimo carnations. Flower girls, Kathy Warden and Beverly Budd, wore identical dresses of pink and blue nylon chiffon respectively and carried blue and pink nosegays.

Don Davies, who supported the groom is a teacher at Balmoral school, where Mr. McDougall is vice-principal.

Soloists for the wedding were Mrs. George Baker, who sang "Holy Spirit Breath of Love" and "A Wedding Prayer," accompanied by Kenneth Robson at the Hammond Organ. Herbert Gibson gave the toast to the bride at the luncheon which followed the ceremony and at which Mr. and Mrs. George Kaiser, Mrs. Ralph Warden and Warden Bud provided the entertainment. Ken Robson offered lovely background music on the organ as well as two beautifully rendered piano solos.

Guests attending from Vulcan and former Vulcan residents included Dr. G. M. Carson, Mr. and Mrs. A. G. Spaeth, Mr. and Mrs. Merrill Nicholson, Mrs. E. G. Hansell, Mr. and Mrs. Geraint Clifford, Mrs. Freda Gooder, Miss Kathleen Colwell, Mr. and Mrs. Howard Burrell, Mr. and Mrs. Lawrence Orchard, Mr. and Mrs. Ed Bonait, Miss Ann Keegstra, Miss Eileen Ruark, Mrs. Bertha Leverington, Mrs. Virgil Vaughn, Mr. and Mrs. Gordon Gardner and

## Wolfe's Hardware Celebrating 45th Anniversary

Announcement is made elsewhere in this issue of the 45th anniversary of one of Vulcan's oldest business firms.

Wolfe's Hardware, owned by John Wolfe & Son, was founded in May, 1913, when John Wolfe and George Pettman opened a small store directly behind the present location. A short while later, John Wolfe bought out the Lindsay Hardware, which was one of the original buildings on main street. The horse and buggy business was a big feature then, as was the selling of coal ranges to hundreds of new homesteaders.

By 1928 more floor space had become a prime necessity and a modern new brick addition was built on the adjoining vacant lot. In 1942, Wolfe's became the first store in Vulcan entirely lit with fluorescent lighting.

May, 1948, saw the affiliation with the newly formed group of Marshall-Wells Stores and complete modernization of the store's interior. This year, an old landmark and familiar sight was lost when a modern new plate glass front was installed. Another renovation this spring was in the tool department, with peg-board display used throughout this section of the store. Further interior renovation is planned, making extensive use of peg-board wall displays.

Wolfe's Hardware is to be congratulated on keeping pace with the growth of Vulcan as a shopping centre and the Advocate joins in extending congratulations to this progressive firm on its 45th anniversary.

family and Mr. and Mrs. Naaman Budd and family, Miss Ethel Griffin, the Frank Griffin and Walter Griffin families of Champion also attended.

### THE WEATHER

### Minutes, with a discussion following and then have tea sharp at 4.30, was approved.

Mrs. S. J. Dowhan spoke briefly on the study project which the constituency is taking up this year. "This concerns the Canada Council, funds from which are beginning to sift down to the community level through the work of the Allied Arts Council in Calgary in promoting cultural activities. Speakers are available for meeting and assistance is available in forming community arts council. Several have been formed in the province with the aid of the Calgary Council. She brought along a stack of pamphlets and small books which are useful in preparing program or papers on subjects such as the WI includes in its work and commented, "Most of these are free, which is quite an attraction and the rest cost very little."

Mrs. McMaster reminded the group that district dues had been raised. She also urged the importance of sending young delegates and their supervisors to Olds for 4-H Club gatherings. The district director, Mrs. Carl Alexander of (Continued On Back Page)

The Mossleigh Blind Creek Women's Association held their May meeting at the home of Mrs. W. Hagedorn. A good attendance was present and roll call was answered with a plant, slip or cutting. Mrs. R. Hurl led the devotional with "The Comforter."

### Achievement Program

Thursday evening was the time for the Achievement Program of the Mossleigh 4-H Go-Getters Sewing Club. The program was held in the church with a capacity crowd who enjoyed the following items with Donna Elliott as mistress of ceremonies.

Randle at the piano with background music. After the judges, Miss A. Randle, D.H.E.; Miss Wignmore, an instructor from Olds, and Mr. Bell, W.P. representative, gave their reports, pie and coffee were served.

### SERVICE BOARD NOTES

In the next few days the cereal grain crops will be planted for 1958. Why not plan now to take out a few acres and plant to grasses and legumes, and thereby commence to build up some of the land that has been depleted by wind or water erosion, or has just plainly become rundown from continuous cropping of wheat, oats or barley. If the land is short of nitrogen, what better thing could be done than to plant it down to sweet clover, take off a good crop of hay next year and then plow it down. This is just about the cheapest fertilizer obtainable and will give you a crop in the bargain. The seed and inoculant for yellow blossom clover will cost about \$1.50 an acre. If the seed is inoculated properly the drop will have about the same effect as a medium application of nitrogen fertilizer.

Reed Canary grass can be planted in the places that are continually wet and low, although late fall is a very good time to seed this grass when the sloughs are usually dry. Quite often this grass is seeded in combination with alsike clover.

Alkali places are pretty nearly a loss if some grass or clover is not being grown. If the Alkali deposits are heavy it may be difficult to obtain any kind of growth. Some work is being done in California with Ferrie Sulphate to bring back alkali land to the production of rice, but the cost runs to a fairly high figure.

## Farmers Take Action On Cost-Price Squeeze

In Alberta farmers are doing something about the cost side of the cost-price squeeze presently plaguing agriculture. By co-operative action through U.F.A. Co-op, owned and controlled by farmers, these farmers are on the way to control of the cost of fuel used to provide power on their farms.

Last year a 6% dividend was declared on purchases of Maple Leaf brand U.F.A. Co-op gasoline, oils and greases.

In the bulk farm supply field, through U.F.A. Co-op locals, farmers last year received \$22,000.00 cash dividends, in addition to substantial savings at the time of purchase.

Farmers — take positive action to cut your costs!

## District News

### MAJORVILLE

Another cold and cloudy week brought April to a close; some seeding has started but for the most part farmers are working the land ahead of seeding. It is expected that seeding will be general at the first of the week. Some flax that was not harvested last fall is now being combined but there is no report on the yield or quality after being out all winter.

Lee Francis and Bert Clemmons went to Vulcan on Thursday when Lee had a two-way radio installed in his car under the Civil Defence. On Saturday the boys were busy most of the day taking part in the Civil Defence exercises. Bert's home became headquarters for CD phone calls and Lee was cruising around sending and receiving radio messages. It is to be hoped that all the preparation and practicing will only be make believe. According to information the boys will never know whether they were the means of doing anything worthwhile as results of the exercise are to be kept secret.

Friends will be sorry to know that Mrs. Chester Edwards now of Bassano was a patient in hospital there, after undergoing surgery. Last report was she was out of hospital and home again.

A travelling basket sent around the district by the CGIT was well received and over \$10 turned in

for the funds. Steak, pork chops and pillow cases were among the articles and goods exchanged.

Mr. and Mrs. Damien Corbiel and family accompanied by Mrs. Don Gordon and family of Cluny, were Sunday guests at the home of Mr. and Mrs. George Heather.

Mr. and Mrs. Claire Francis of Longview were overnight guests on Friday at the home of the latter's brother-in-law and sister, Mr. and Mrs. Lewis Greaves.

Accompanied by Mrs. Lecuyer of Queenstown, Mrs. G. Heather was a visitor to Bassano on Saturday.

On the occasion of his ninth birthday, Ronnie Deltz entertained a number of his friends at a party on Saturday.

### MILO

Miss Betty Dishaw left for Calgary recently where she has accepted a position at the Holy Cross Hospital for the summer months.

Joint church services for Milo, Majorville and Queenstown, will be held at the Milo United Church on May 11. Rev. Knight of Blackie and William Baxter, the new student minister, will be in attendance. Christening services will be held if requested.

The Milo Grade 7 and 8 class played hosts to the Grade 7 and 8 class from Gleichen last Saturday. Gleichen was victorious in the baseball game staged between

the two schools. A party held in the school auditorium concluded the evening.

One of our good citizens, Mrs. Rita Black, is to be commended upon her alertness and presence of mind. Early Monday morning, April 28, she was awakened by the noise of a car at their back door. She went to the door and her suspicions were aroused by the furtive action of the two occupants. Since the light was uncertain Mrs. Black shone a four-battery flashlight on them obtaining a description of the car, the licence number and a general knowledge of the men. The next morning, when it was discovered that Phillips Hardware had been robbed, Mrs. Black was able to give the police a description that resulted in the early capture of the suspects.

Another disappearance has a new bride somewhat confused. Recently her groceries which she had left on the bank steps, disappeared, somewhat delaying their usefulness and her washing was taken from her clothesline and was found on a clothesline some three miles in the country.

The May meeting of the United Church Ladies' Aid was held in the basement of the United Church on Thursday, May 1. Fifteen members were in attendance. Plans for a lilac tea and bazaar, to be held on May 31, were discussed. It was also decided that another annual "Theatre Under the Stars" would be presented. A lovely lunch, served by the hostesses Mrs. Linda Dishaw, Mrs. Jacqueline Ferguson and Mrs. Helen Bertrand concluded the afternoon.

Seeding is well under way with a small percentage of wheat sown. Farmers report that there is ample moisture to commence germination. Due to the cold weather and late season, many are working far into the night.

Mr. and Mrs. Ray Helm of Arrowwood were visitors at the home of Mr. and Mrs. Joe Thomson Jr., last Sunday.

The May Home and School meeting will be held on the afternoon of Monday, May 12, at 3 p.m. Please note the change from Wednesday to Monday for this meeting. On the agenda is the election and installation of officers for the coming term. The program will consist of a short entertainment by the Grade one Rhythm Band; displays by the various classrooms and counting for the clock. Everyone is welcome.

Visitors at the home of Mr. and Mrs. David Deltz this past weekend were Miss Joyce Thorntonsen of Pincher Creek; Bruce Henry of Lethbridge; Mr. and Mrs. Geo. Clifton and Gordie of Coalhurst; Mr. and Mrs. Tom Corry of Coalhurst; Mrs. E. Clussen of Lethbridge, and Mrs. Mary Hanson of Lethbridge.

### CARMANGAY

**Shower Held**  
An impromptu mock wedding, with the principals acting as the bride and groom and suitably garbed, introduced Shirley Ann Mifflin and her fiancé, Harvey Dowling, to the guests assembled for their shower held Saturday, May 3, in Prairieville Hall.

Mrs. Harold Nowlin entertained with accordion selections. The happy pair received many beautiful and useful gifts for their future home. About 50 attended the event and signed the guest book.

## W. I. Meeting

(Continued from Front Page)

Cayley, has been especially interested in developing the idea of a work-shop to build WI branches, with the idea of defining aims, expanding membership, developing the values of conferences.

"For a new project" Mrs. McMaster said "read and make good use of your Home and Country which should be kept on file. You will be glad to know that a new handbook will be issued soon."

Mrs. McMaster said that the handicraft display at the Lethbridge conference was one of the best yet and that a Medicine Hat group had made a very handsome blue and white quilt with the AWI crest on it, which was the central theme of the display.

There was a short discussion period and tea was served by the hostess, Mrs. Bert Maisey, assisted by Mrs. Cal Hollister. A pleasant social half hour followed, while the members looked through the materials for programs which had been distributed earlier in the meeting. Mrs. Selland thanked Mrs. McMaster for making her official visit, and Mrs. S. J. Dowhan and Mrs. Anna Montgomery for joining her in the trip to Kirkcaldy.
